Subject: RE: Meeting this Thursday at FBI HQ 10 am
Date: Thursday, March 02, 2017 10:00:15 PM

Mo,

Here the statement that our FBI Spokesperson released.

"The FBI places tremendous value in the relationships we have with all communities we serve. While the FBI has jurisdiction over civil rights, hate crimes, and a broad set of national security matters, its authorities do not extend to immigration matters that are handled by various components of the Department of Homeland Security. Accordingly, the current discussions related to travel and border security center around policy, enforcement, and legal matters that are outside the purview of the FBI. We believe it is critical to our mission to have an ongoing, two-way dialogue with the various diverse communities we serve to educate each other and to hear from them their legitimate concerns. We will continue to build on existing relationships and establish new ones where necessary."
